IC 74-1726
30 July 1974

MEMORANDUM FOR: General Graham

SUBJECT : Distribution: India Post Mortem

1. After our conversation yesterday afternoon concerning the distribution of the India Nuclear Test Post Mortem Report to legislators on the Hill, I spoke once again with Mr. George Cary, Legislative Counsel.

2. Mr. Cary agrees that we should allow AEC to respond to Senator Stevenson's query, and that the distribution of the Post Mortem to the Senate should be handled as a separate issue. To wit, report should be sent through normal distribution to the Joint House Senate Committee on Atomic Energy, of which Senator Jackson is a member.

3. Recommend you suggest this course of action to the DCI.
